Residents service prize draw amounts for first time access only.

This goes up in value for every consecutive year that the resident has allowed first time access. If the resident allows first time access the sum increases yearly by £25.

Year 1 = £100 – Year 2 = £250 – Year 3 = £150 and so on until the maximum of 10 years = £325.

If the resident misses a year (does not allow access 1st time) they go back to year one.
